REMINDER: the bloggers are hateful, heartless idiots who are jealous of our awesomeness.

Trapper101 should be on in t-minus 20 minutes to put all the haters in their place. FYI, Don was just on 750 am for about 10 minutes talking about the VP hype. In sum, he said to scrap VP talk, Palin is going to be president.

> But Wesley does need to clarify that, NO, I was not looking for publicity- I did not approach him about seeing three bears by the mansion... he approached me about it after hearing that I was one of the crowd looking at the bears that morning and he asked me to comment! Could he at least clarify that on the blog (without me having to admit to him that I actually spent the time reading his blog entry and the bloggers' replies). And I didn't put my kids in any danger, as the idiot blog comments claim.
